## 자기소개서

Personal statement / 자기소개

1. 자기소개에 도움이 될 만한 사항을 구체적으로 쓰십시오(가정환경, 성장과정, 학교 및 지역환경 등).

Write your personal information that you want to be considered as part of your admission application. You might include exceptional hardships, challenges, or opportunities that have shaped or impacted your life, and your personal and educational environment.

Thanks for giving me the opportunity to write a few words about myself. Well, this is I who have been leading a very ordinary life since my childhood. I was born in an educated family consisting of five members, my parents, elder brother, younger sister, and myself. My father is a Businessman, which is far away from the capital city of Bangladesh, among some wonderful modest neighbors. I have completed successfully my primary school at Chowdhury hat B-Zaman High School and after completing elementary school I got the chance to be admitted renowned school Dagonbhuiyan academy which help me to learn about hardship and to take on challenges to move to forward in my carrier that's why in middle school time I constantly ranking first among all students and passed the middle school examination successfully (Secondary School Certificate) with a scoring GPA of 4.22out of 5.00 from Science Group in 2019. In 2019, I got admitted to Comilla Cantonment College which is a very famous institution on the Comilla Education Board These Opportunities Changed my life and start me dreaming of higher study abroad. That chance me motivated to take study in the Science Group and I studied Science group including such courses as Physics, Chemistry, Biology, Mathematics & English and graduated successfully scoring a GPA of 4.50 out of 5.00. I am determined- yes; I am determined to achieve my goal. I am industrious- I am ready to study hard to make my dream come true. I am self-reliant – because I believe myself what I have got. To be honest, I am eagerly waiting for a chance to do higher study at Kyungmin university to pave a new way in my life. I am ready to prove myself!

2. 우리 대학에 지원한 학과를 희망하는 이유, 입학 후 자기계발 및 학업 계획, 졸업 후의 자신의 진로계획에 대해 쓰십시오.

What motivated you to apply to Kyungmin University? Explain why you are applying to the particular school of study (department) what is your plan of study and self-development after admission, and your career goal after graduation.

Kyungsung University is the best institution in Korea. The university has 4 departments Humanities and social science, Natural Science, Engineering, Entertainment, and sports with 21 majors which are teaching contemporary subjects that are many advantages of science here.

Reasons for Application and Personal Goal: Go confidently in the direction of your dreams. Live the life you have imagined." This is the principle that I follow throughout my life. I have always aspired to choose a career that would mean work that really stimulates me and holds a natural appeal for me. Advances in Computer and Information Technology over the past few decades have brought about revolutions in science, medicine, education, business, and entertainment. I wish to be part of the future revolution and that is why I want to study Computer Science.

My interest in computer science dates back to my school days. I was fascinated with the internet and how it works. Having zeal towards computers, I was introduced to the 'BASIC' language and to how computers can be used and programmed. After I entered High School, I was made how the use of languages like 'C' and 'HTML' benefits our daily life in my personal interest. This made me select computer science as my career.

I hail from a family where education is given the utmost priority. This background inculcated in me a deep inclination for academics from the very beginning and helped to complete my schooling at Dagonbhuiyan Academy, one of the best schools in my city. After my schooling, I completed my Intermediate at Cantonment College, Comilla.

Today, we find ourselves in the golden age of Computer Science. The various facets of this relatively young technology are growing at an unrivaled pace. I believe that in order to be a successful professional in the computer field. I need specialized training beyond my undergraduate level to have a competitive edge and help me keep pace with the generation of problems and products. Applications to Kyungmin University will give me the depth of knowledge and exposure and will also act as a catalyst in my career.

Hence, I want to pursue Kyungmin university which has an excellent program in all the fields of computer science. I am sure that working in such an excellent setup will give me valuable experience and help me to produce excellent results.

**career goal after graduation:** The world of computers is growing at an un-recordable rate every day, computers are the most influential tools in our lives, they are our present and future. In my opinion, nothing on the planet can measure the exponential growth and excitement in the computing industry, and the industry that I want to be a part of, particularly Software Engineering.

Other Information: Apart from my studies, I read good books, play cricket, take part in religion and business conferences, listen to BBC news, do Rover-scouting and go traveling. I also take part in volunteer activities such as blood donation, tree plantation, raising funds for poverty-stricken people, and taking part in the human rights campaign. I also love to go out for roaming with my friends and family on the weekends and so on. I have experienced to participate in different social activities such as scouting, community policing, and social integration program
